**RE: Atlantic City Electric Company, R/W 113, Paulsboro to High Street,
Transmission Rebuild**

Dear Current Property Owner:

As per previous notifications Atlantic City Electric is planning to upgrade our existing transmission facilities from our Paulsboro Substation in Greenwich Township to the proposed new High Street Substation in Woolwich Township. In preparation for same our contractor will be working within and along our existing Right of Way performing vegetation management. This work will consist of tree trimming and selective mowing and removals. The trimming and mowing will be done first beginning in April followed by the selective removals to take place late summer early fall, weather permitting.

If you have any questions, please contact the Real Estate Representative, Kimberly Brodbeck at (609) 625-5859.

Thank you in advance for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "Neil P. Baker", with a long horizontal flourish extending to the right.
